

Find Pair

with Target Sum

{ ? }

target=6

1	2	3	4	6
----------	----------	----------	----------	----------

Current sum: **0**

Left: **0**

Right: **4**

target=6

Current sum: **7**

*Check if
**current sum ==
target***

Left: **0**

Right: **4**

target=6

Current sum: **7**

If sum is too small, go right.

Left: **0**

If sum is too large, go left.

Right: **4**

target=6

Current sum: **5**

*Check if
**current sum ==
target***

Left: **0**

Right: **3**

target=6

Current sum: **5**

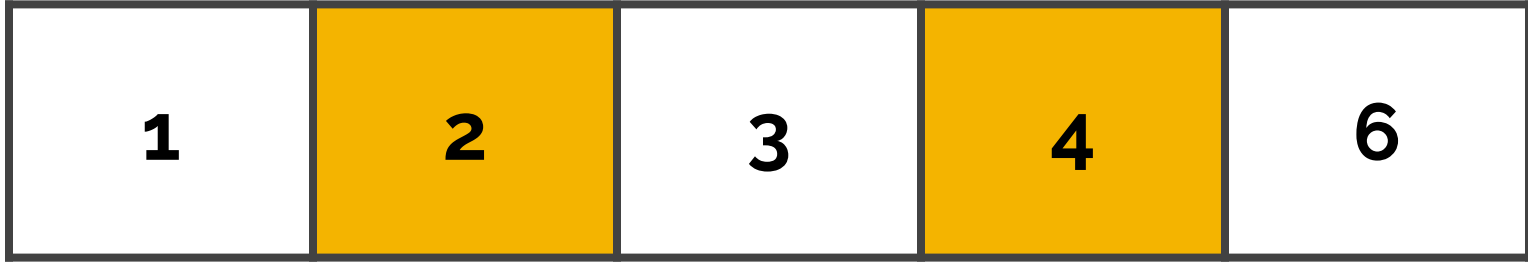

If sum is too small, go right.

Left: **0**

If sum is too large, go left.

Right: **3**

target=6

Current sum: 6

Left: 1

Right: 3

Time complexity **$O(N)$**

Space complexity **$O(1)$**
