

Remove Duplicates

from List

1	3	3	3	4
---	---	---	---	---

Next non-duplicate index: **1**

1	3	3	3	4
----------	----------	----------	----------	----------

Check if **element[next non-duplicate index**

- 1] != current element

Next non-duplicate index: **1**

1	3	3	3	4
----------	----------	----------	----------	----------

Check if **element[next non-duplicate index**

- 1] != current element

Next non-duplicate index: **1**

1	3	3	3	4
----------	----------	----------	----------	----------

Replace element at **Next non-duplicate index**

Next non-duplicate index: **2**

1	3	3	3	4
----------	----------	----------	----------	----------

Increment **Next non-duplicate index**

Next non-duplicate index: **2**

Check if **element[next non-duplicate index**

- 1] != current element

Next non-duplicate index: **2**

Check if **element[next non-duplicate index**

- 1] != current element

Next non-duplicate index: **2**

1	3	3	3	4
----------	----------	----------	----------	----------

Check if **element[next non-duplicate index**

- 1] != current element

Next non-duplicate index: **2**

Replace element at **Next non-duplicate index**

Next non-duplicate index: **3**

1	3	4	3	4
----------	----------	----------	----------	----------

Increment **Next non-duplicate index**

*Return **Next non-duplicate index***

Time complexity **$O(N)$**

Space complexity **$O(1)$**
